HARARE ZIMBABWE MISSION

BRAND GUIDE

REUNION 2026 · SATURDAY 5 DECEMBER

A homecoming in gold and green.

A concise system for every invitation, banner, badge and broadcast that carries the Harare Zimbabwe Mission Reunion 2026 into the world.

VERSION 1.0 · NOVEMBER 2026 · HARARE

PREPARED FOR THE REUNION COMMITTEE

A homecoming written in gold and green.

The Harare Zimbabwe Mission Reunion is not a conference. It is a homecoming. Our brand should feel like arriving somewhere you are known: warm, dignified and quietly joyful. Forest green holds the memory of the mission. Gold carries the occasion. Cream gives everything room to breathe.

01

HERITAGE

We honour the mission that shaped us, the places we served and the people who served beside us.

02

BELONGING

Every comrade is welcome, and families too. Nobody arrives as a stranger; everybody leaves with a table.

03

JOY

A mascot, a jumping castle, a song everyone still knows. The occasion should sound like laughter.

“Come and be together again.”

One mark. Every surface.

THE MONOGRAM

Use the monogram alone when the audience already knows the mission: avatars, highlight covers, stickers, badges and merchandise. Keep it circular, keep it gold on forest, and never redraw the letterforms.

Gold is never a background. It is a welcome.

Use gold for the mark, the date and one moment of emphasis per layout. When everything shines, nothing does.

Bold voice. Warm heart.

THE SCALE

Set the words like an invitation, not an advertisement.

Warm. Proud. Inviting.

Write the way a good host speaks: directly, with the door held open. Use plain words, short sentences and the names of real places. Avoid corporate language and never make the reunion sound like a product launch.

> “Calling every comrade. Come and be together again.”

> “If you are willing, travel with us from the Temple to Kingfisher Park.”

> “Bring the family. There is a jumping castle with the kids’ names on it.”
